

UpToDate Access

UpToDate is still accessible now that we are using Epic; however, in order to accumulate CME's you will need to register. Even if you registered in the past with Portal's UpToDate, you will need to create a new registration with Epic.

If you attended personalization before go-live, you should have UpToDate on your top Epic toolbar. If not, please call Nursing Informatics or click here for instructions: [add link to tip sheet here](#).

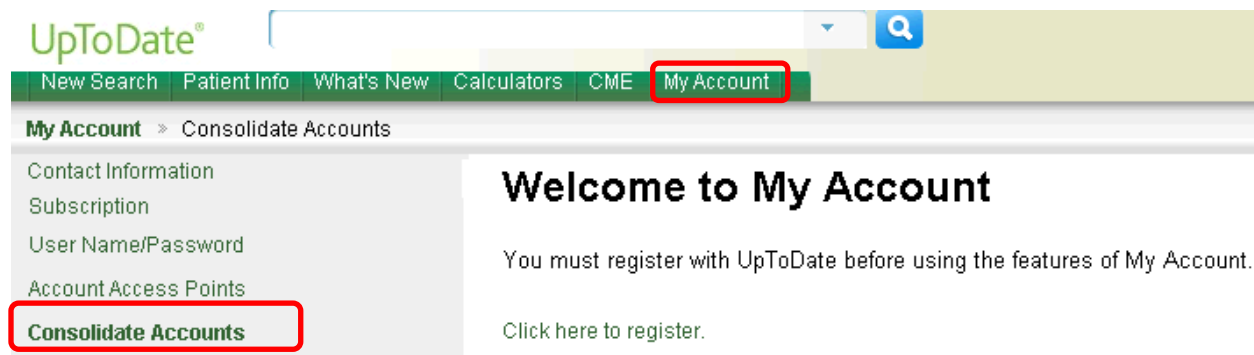

To register, click on the "click here to register" link. If you do not see that link, click on My Account tab.

Combining Portal and Epic UpToDate Accounts:

If you have CMEs on your Physician Portal account, you will need to combine that account with your Epic UpToDate account prior to October 1, 2013. To combine UpToDate accounts, you will need to do the following:

1. Log into Physician Portal (call Nursing Informatics if you forgot your password at x8830 or 219 861-8830).
2. Go to UpToDate and click on My Account. Make a note of your user ID. Click on "forgot password" to request a password re-set. UpToDate will email you the password.
3. Log into Epic Hyperspace and launch to UpToDate.
4. Assuming you have already registered, click My Account and look for Consolidate Accounts on the left side.
5. You will be prompted to enter your Portal UpToDate ID and password.

Please call Nursing Informatics at 219 861-8830 for assistance. Remember, you need to do this prior to December 31st, so don't delay!

The "My Account" tab is highlighted with a red box. Below the menu bar, there is a sidebar on the left with a list of links: "My Account", "Consolidate Accounts", "Contact Information", "Subscription", "User Name/Password", "Account Access Points", and "Consolidate Accounts". The "Consolidate Accounts" link is highlighted with a red box. The main content area on the right displays the heading "Welcome to My Account" and the text "You must register with UpToDate before using the features of My Account."
