

INPC – Indiana Network Patient Care

INPC (Indiana Network Patient Care)

- Public database that physicians can use to review medical records from participating hospitals.
- Please visit <http://www.regenstrief.org/medinformatics/inpc> for more information.

To enroll:

- Notify Florie Amos, RN Clinical Informatics Physician Liaison for St. Francis
- Hospital, email @ florence.amos@ssfhs.org or phone at (317) 782-6917
- For password issues call Larry Lemmon, INPC representative, (317) 253-5553

Please provide the following:

- Your name
 - Hospital user ID
 - Office name & address
 - Your contact information
-
- Please allow 1 to 2 weeks turn around time for the enrollment process.
 - Contact Florie Amos, RN know if you need an in-service to learn more about how to use the database.
 - **The next slides will provide you with the steps to log and reset your password.**

Steps to log into INPC:

1. Log into the St. Francis Provider Portal
2. Go to the Resource Tab
3. Select INPC from the public database links
4. Right click in the '**Institution**' field and select St. Francis Hospital* (see below)
5. Log in with your St. Francis Hospital user ID (hospital username)
6. And the first time password of inpcpass

A screenshot of a web browser displaying the INPC CAREWEB Results Retrieval login page. The browser's address bar shows the URL: http://kite.wishard.edu:7164/;REGEN/0/1E35DDEC/load/top.subdoc. The page has a green header with the 'INPC' logo and the text 'Indiana Network for Patient Care'. Below the header, the main title 'CAREWEB Results Retrieval' is displayed in large yellow letters. The login form consists of three input fields: 'Institution:' with 'ST_FRANCIS' entered, 'User id:', and 'Password:'. A 'Login' button is positioned below the password field. To the right of the form is a vertical list of institution options, each preceded by a radio button. The options are: 1) WISHARD, 2) CLARIAN, 3) IUMG, 4) COMMUNITY, 5) ST_VINCENT, 6) ST_FRANCIS (which is selected with a black dot), 7) MMG, and 8) MORGAN. A St. Francis Hospital logo is visible on the far right edge of the page.

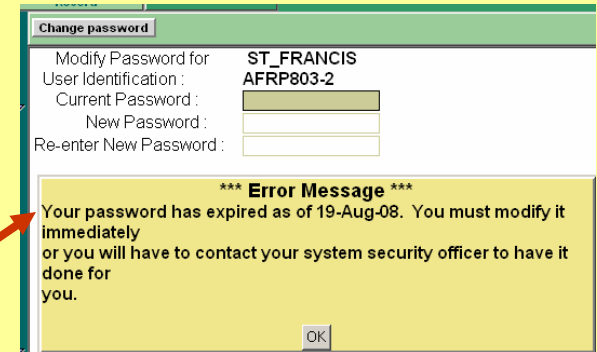

** Efforts are underway to change the INPC website to default to St. Francis*

Change your password:

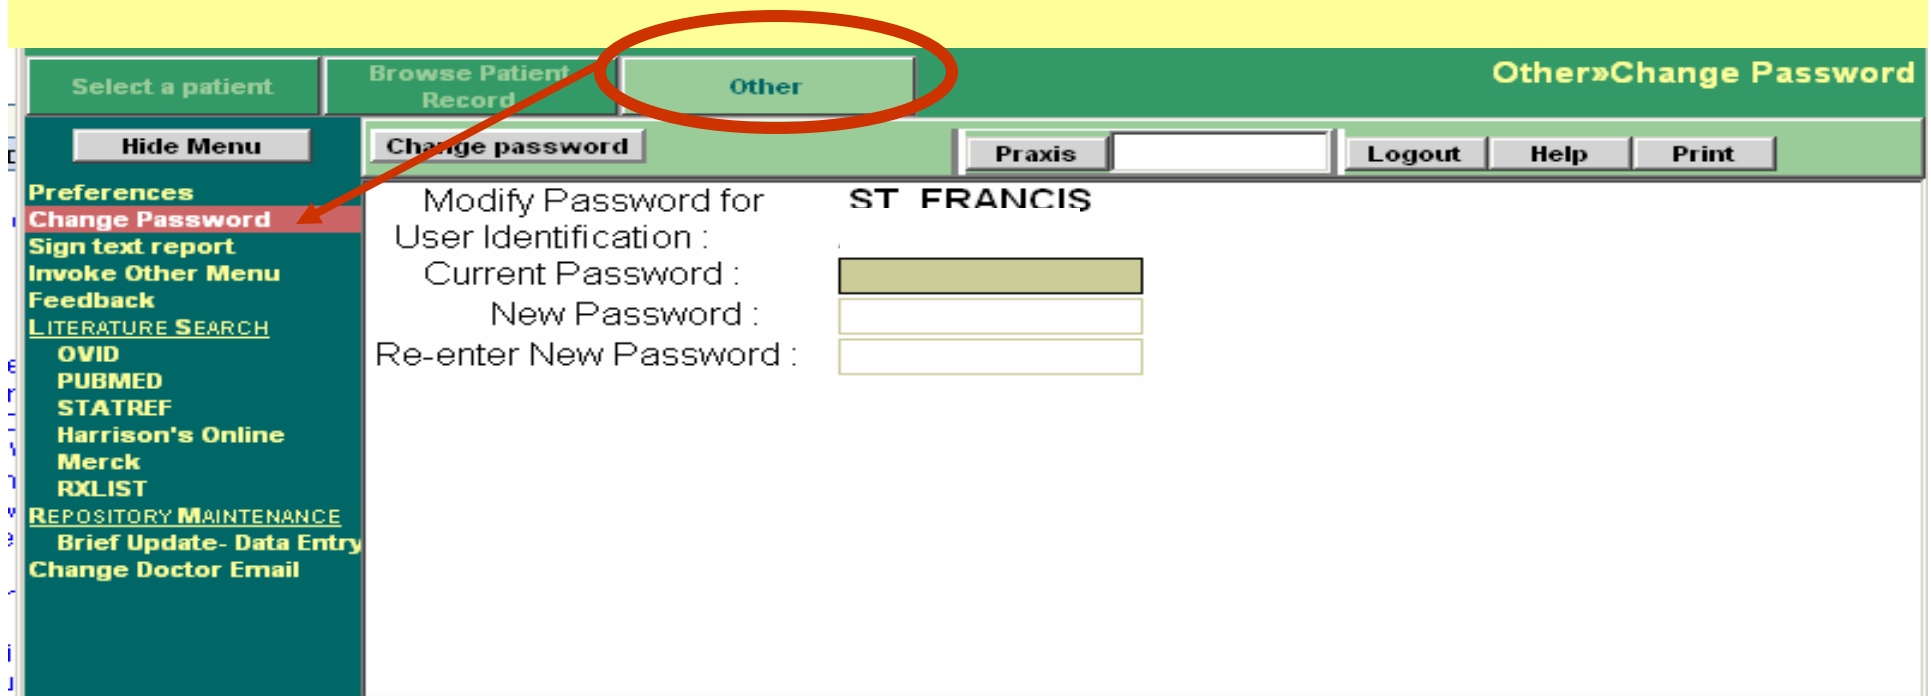

1. From the INPC tool bar, click the '**Other**' icon.
2. Select Change Password from the options list.
3. Enter current password then new password.
4. When completed, go back to the '**Select a Patient**' icon.

Passwords Facts:

- Passwords need to have a minimum of 6 characters.
- Every 95 days you will need to update your password.
- If you do not log in within 95 days your password will expire.
- You will be prompted to reset your password prior to expiration.
- For password issues call Larry Lemmon, INPC representative, (317) 253-5553.
- St. Francis does not manage your INPC account, as a result we do not have the ability to reset passwords.

The image shows two overlapping windows. The top window is titled 'Change password' and contains the following text: 'Modify Password for ST_FRANCIS', 'User Identification : AFRP803-2', 'Current Password :', 'New Password :', and 'Re-enter New Password :'. Each input field is represented by a text box. The bottom window is titled '*** Error Message ***' and contains the text: 'Your password has expired as of 19-Aug-08. You must modify it immediately or you will have to contact your system security officer to have it done for you.' with an 'OK' button at the bottom right. A red arrow points from the 'Error Message' window towards the 'Other' button in the main application window below.

The image shows the main application window of the INPC system. At the top, there is a green header bar with three buttons: 'Select a patient', 'Browse Patient Record', and 'Other'. The 'Other' button is circled in red. Below the header bar, there is a toolbar with buttons for 'Change password', 'Praxis', 'Logout', 'Help', and 'Print'. On the left side, there is a dark green sidebar menu with the following items: 'Preferences', 'Change Password' (highlighted in red), 'Sign text report', 'Invoke Other Menu', 'Feedback', 'LITERATURE SEARCH', 'OVID', 'PUBMED', 'STATREF', 'Harrison's Online', 'Merck', 'RXLIST', 'REPOSITORY MAINTENANCE', 'Brief Update- Data Entry', and 'Change Doctor Email'. A red arrow points from the 'Change Password' menu item to the 'Change password' button in the toolbar. The main content area of the window displays the 'Change password' form for 'ST FRANCIS', with fields for 'User Identification', 'Current Password', 'New Password', and 'Re-enter New Password'.

Search for a Patient:

The fastest and most reliable search is to enter the patient's medical record number.

Helpful hint! From the Provider Portal, end-users can copy and paste the patient's medical record number into the INPC search field.

Select Patient

Select Patient

Select Patient

Search for a patient based on a number of criteria. Typically, the Patient MRN or Name field is required. Other fields are optional. When complete, click the Search button. If there is a box over part of it, click on the top (boldface) line.

Patient Institution:

ST_FRANCIS

Patient MRN or Name:

Sex:

Approximate Birth Date:

Social Security Number:

Recently accessed patients ()

A list of the most recently accessed Patients will be maintained until they are discharged from SFHC.

Patient Institution

Select the hospital you are interested in searching.

Patient MRN or Name

The patient's Medical Record number or name (first few letters); i.e.: "SMITH,JOHN" or "SMITH, J" or "SMIT,JO".

Sex

M for Male, F for Female, leave blank if either OK.

Approximate Birth Date

Birth date of the patient in the form mm/dd/yyyy. Birth date restriction window can be varied.

Social Security Number

The patient's Social Security Number (SSN). You can enter the complete SSN in the format NNN-NN-NNN or just the last 4 digits plus the first letter of their last name, i.e: 123-45-6789 or 6789J or J6789.

If the Reports fonts are highlighted in Yellow then INPC has records on File. White font, equals no data.

INPC – Indiana Network Patient Care

*******VERY IMPORTANT! ALWAYS log off INPC when you are finished.*******

FYI: INPC is only accessible from hospital networked devices and only on patients with a current St. Francis registration event. i.e. emergency room or inpatient visit.

For more information visit the INPC website: <http://www.regenstrief.org/medinformatics/inpc>
